CREATE experiences

Creative lighting solutions not just illuminate spaces but also creates inspiring environments.

Be it **Offices**, **Retail Spaces**, or **Hospitality** Areas - it is all about creating an experience with energy efficient luminaire; that accentuates the ambience, making a real impact.

With the latest LED technology, Wipro Lighting brings to you a range of luminaires that maximises the appeal of your stores, designs perfect surroundings in modern workspaces and creates a welcoming hospitality environment.
Ever since its inception, LED continues to break barriers and has reached milestones that cement the fact that it is the most preferred lighting solution today.

With growing demand in the market and multiple manufacturers offering a variety of LED solutions, it becomes important to understand the key parameters in LED lighting technology and solution.
optics
High efficiency reflector optics with choice of beam angles- very narrow, narrow, medium and wide

LEDs
Best-in-class LED technology
High efficiency, LM80 compliant LEDs
Best quality through proper binning for color consistency, lumen output and forward voltage
CRI greater than 80 for true color rendering
Choice of Color Temperature (CCT) in Warm White (WW), Neutral White (NW) and Day Light (DW)

drivers
Specially designed drivers conforming to safety and performance standards
Protection against voltage surges

thermal management
Designed for effective thermal management ensuring long service life and consistent performance of LEDs
CREATE INVITING

ambience

LD 56 | 20W | 32W | 41W
CIRCULAR GIMBALL LUMINAIRE

SPECIFICATIONS

- Aluminium die-cast construction with white powder coating
- Clear safety glass
- Best-in-class LEDs for better light output and efficiency
- High efficiency reflector optics with choice of beam angles
- Effective thermal management using aluminium casting
- High performance driver

INSTALLATION

- Provision for mounting with the help of mounting clips with springs for ease of installation and maintenance
- Suitable for mounting in POP, Gypsum board and any other false ceiling

CIRCULAR ADJUSTABLE DOWNLIGHT

SPECIFICATIONS

- Aluminium die-cast construction with white powder coating
- Clear safety glass
- Best-in-class LEDs for better light output and efficiency
- High efficiency reflector optics with choice of beam angles
- Rotatable upto 360 Deg and adjustable upto 45 Deg
- Effective thermal management using aluminium casting
- High performance driver

INSTALLATION

- Provision for mounting with the help of mounting clips with springs for ease of installation and maintenance
- Suitable for mounting in POP, Gypsum board and any other false ceiling
