

inSync™
[MIND + BODY + LIGHT]

Transform workspaces from
constant to dynamic lighting

Enhance employee
wellbeing and productivity

Work with multiple platforms
PoE, DALI or Bluetooth

Co-Associate Sponsor - WADe Asia 2018
Proudly contributed to recognizing the contribution of Women in Architecture, Art & Design

WIPRO: LIGHTING FOR THE SMART GENERATION

Armed with Smart & Connected outdoor lighting solutions, Wipro Lighting is ready to provide complete lighting infrastructure for the upcoming Smart Cities of today.

Wipro Lighting, a part of Wipro Consumer Care and Lighting Group was started in 1992 to manufacture and market lighting products. From the past 25 years, Wipro Lighting has become synonymous with leadership in thought and reliability in the LED lighting industry. Wipro Lighting has a wide range of LED product offerings and profitable presence across application areas including modern workspaces, industries, retail, healthcare, pharmaceutical firms, roads & highways and landscapes.

Wipro Lighting has won several prestigious awards in 2017 for its work on Product Design, Innovation & Quality Excellence. These include International seal of Quality – **Red Dot Design** award for outstanding design, Global SSL Showcase Top100, India Design Mark for certified excellence in Product Design, Frost & Sullivan award for LED lighting visionary innovation leadership

and International Diamond Prize for Excellence in Quality by European Society of Quality Research (ESQR).

Wipro Lighting's alliances with International Technology companies will usher a new revolution in work-lives. They have collaborated with Cisco for Power over Ethernet (PoE) based lighting solutions and Human Centric Lighting solutions for new age workspaces enabling improvement in workspace productivity and enhanced employee well-being. Their partnership with pure Li-Fi, Scotland will deliver high speed & secure data transmission through LED luminaires. In outdoor lighting, Wipro demonstrated its intelligent and connected outdoor lighting capabilities for improved public safety and comfort.
