

Wipro Lighting brings to you XlineLED Pro, ready to install, linear lighting solution which is ideal for areas where linear lighting system with high performance and end-to-end connectivity is a need of the hour.

WIPRO LIGHTING LEDEGE

- Get the Edge with LED Lighting Solutions for Modern Workspaces through:
- Eco-sustainability, Design & innovation, Green technology and Efficient lighting solutions
 - Capability to service multi-locational accounts
 - Service Commitment - 35 branches and over 400 dedicated stockists
 - Ease of contact through website
 - Trustworthiness and reliability of Wipro

XlineLED Pro

Trunk mounted LED channel

Linear lighting solution for high & consistent performance

XlineLED Pro

Trunk mounted LED channel

Modularity and end to end connectivity

Ready to install trunking lighting system

XlineLED Pro is thoughtfully designed and well-engineered product. This linear lighting system is a versatile solution for areas that demand linear light installation.

XlineLED Pro is a factory fitted, ready to install lighting system comprising of a trunk and a luminaire. Innovative design makes it user friendly and quick to install continuous rows of light. Its modularity and easy adaptability makes lighting in industries and metro stations more dynamic and productive.

Linear connectivity of trunk system for industry and transport infrastructure

Fixed modules in various standard trunks lengths, provides an end to end connectivity that gives an uninterrupted illumination.

Trunks can be interconnected with precise alignment and easily scaled to create continuous rows of light. Its simple configuration gives options of having continuous rows of lights or having only a stand-alone installation.

Uniform illumination

Polycarbonate high transmittivity diffuser provides clean uniform illumination, creating a productive ambience

Energy savings

High efficacy LEDs deliver significant energy savings

IP54 for long service life

Specially designed extruded, non-corrosive aluminium housing leads to excellent heat dissipation and sturdy performance, while IP54 provides a long service life

Reduced operational cost

Saves wiring and installation cost

Specifications

- High efficacy LEDs
- Specially designed extruded aluminum trunk and product housing
- High performance driver
- Polycarbonate high transmittivity extruded diffuser
- Integral product with LED, driver and accessories pre-wired
- Snap-fit product with trunking
- End to end connectivity
- Conforms to IS 10322 part 5/Sec 1 1987

Installation

- Suitable for mounting with aluminium trunk through 12mm threaded rod or 12mm conduit
- Trunking ordering reference LE14A02C, this includes 2.5 sq.mm 3 cores, 2 wires, trunk cover, and mounting clamp

Electrical Data

Cat. No.	Power (W)	Rated Voltage (V)	Mains Current (Amp)	Case Lot Including Trunk	Unit Weight (Kg)
LE14-491-XXX-57-XX	39	240	0.17	6	4
