STORMX
LED Wellglass

Thriving in tough environments

StormX, an energy-efficient LED Wellglass, is the ideal lighting choice for industrial settings. Its uniform light distribution and durability make it a reliable lighting solution throughout its extended service life. Designed to withstand harsh working environments, it not only decreases capex but also lowers opex, leading to the lowest total cost of ownership. With easy installation, StormX becomes the preferred option for industrial lighting needs.

Reliable lighting for industries

Excellent heat dissipation

Enhanced heat sink design with increased surface area ensures superior airflow, resulting in faster heat dissipation

Optimum efficiency

The technically advanced opal diffuser reduces glare and enables a wider distribution of light

Unmatched durability

Rugged construction with a specially designed aluminium heat sink with pure polyester powder coating ensures seamless operation in harsh environments

Minimal maintenance

Pre-wired separate driver compartment with ease of access enables minimum supervision and a long service life leading to the lowest total cost of ownership

APPLICATION AREAS

Metals & Minerals

Heavy Industries

Powerplants

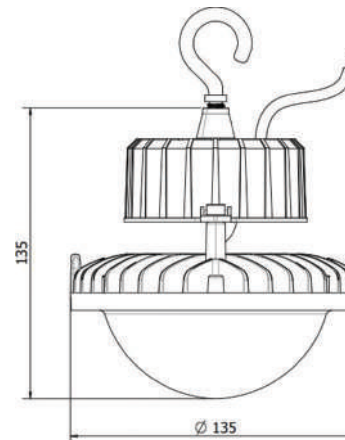

Cement Industries
