WIPRO LIGHTING

*inForm*<sup>TM</sup>

**Architectural Marvel... Technical and High Performance Lighting**

for all the areas that are designed to give you a  
visual... emotional.. psychological.. **break!**

# The Information Age

Believes in

Productivity... Performance... Cognitive Thinking...

We are driven by data... we depend on data. We focus on developing new tools everyday to measure and rate everything we do and are a part of.

## Comfortable Spaces... Superb Ergonomics... Dream Facilities

We are all focused on creating the best possible offices to bring out the best in people. We take care of them like well maintained machines. We look for newer ways to satisfy their needs..

We do everything to ensure that the performance graphs are always increasing

Spaces offer the **Best of Everything** to ensure people perform and deliver

Cognitive thinking

Intelligence

Problem solving skills

Leadership and Team Skills

Pressure Threshold

Go-getter

They are trained and  
**Engineered for  
Performance**

What more do these employees need to delivering better and better performance everyday?

They need a ... **BREAK!**

Work break | Social break | Visual break

Psychological needs that define workplace productivity

Happiness

Optimism or Positive thinking

Social interactions

Higher EQ

Emotional strength to restart after a failure

Sensitivity & Care

Lighting the Change.....Leading the Evolution

**Leaders in Indoor Lighting**

# *inForm*

Visual treat ... well engineered for performance!

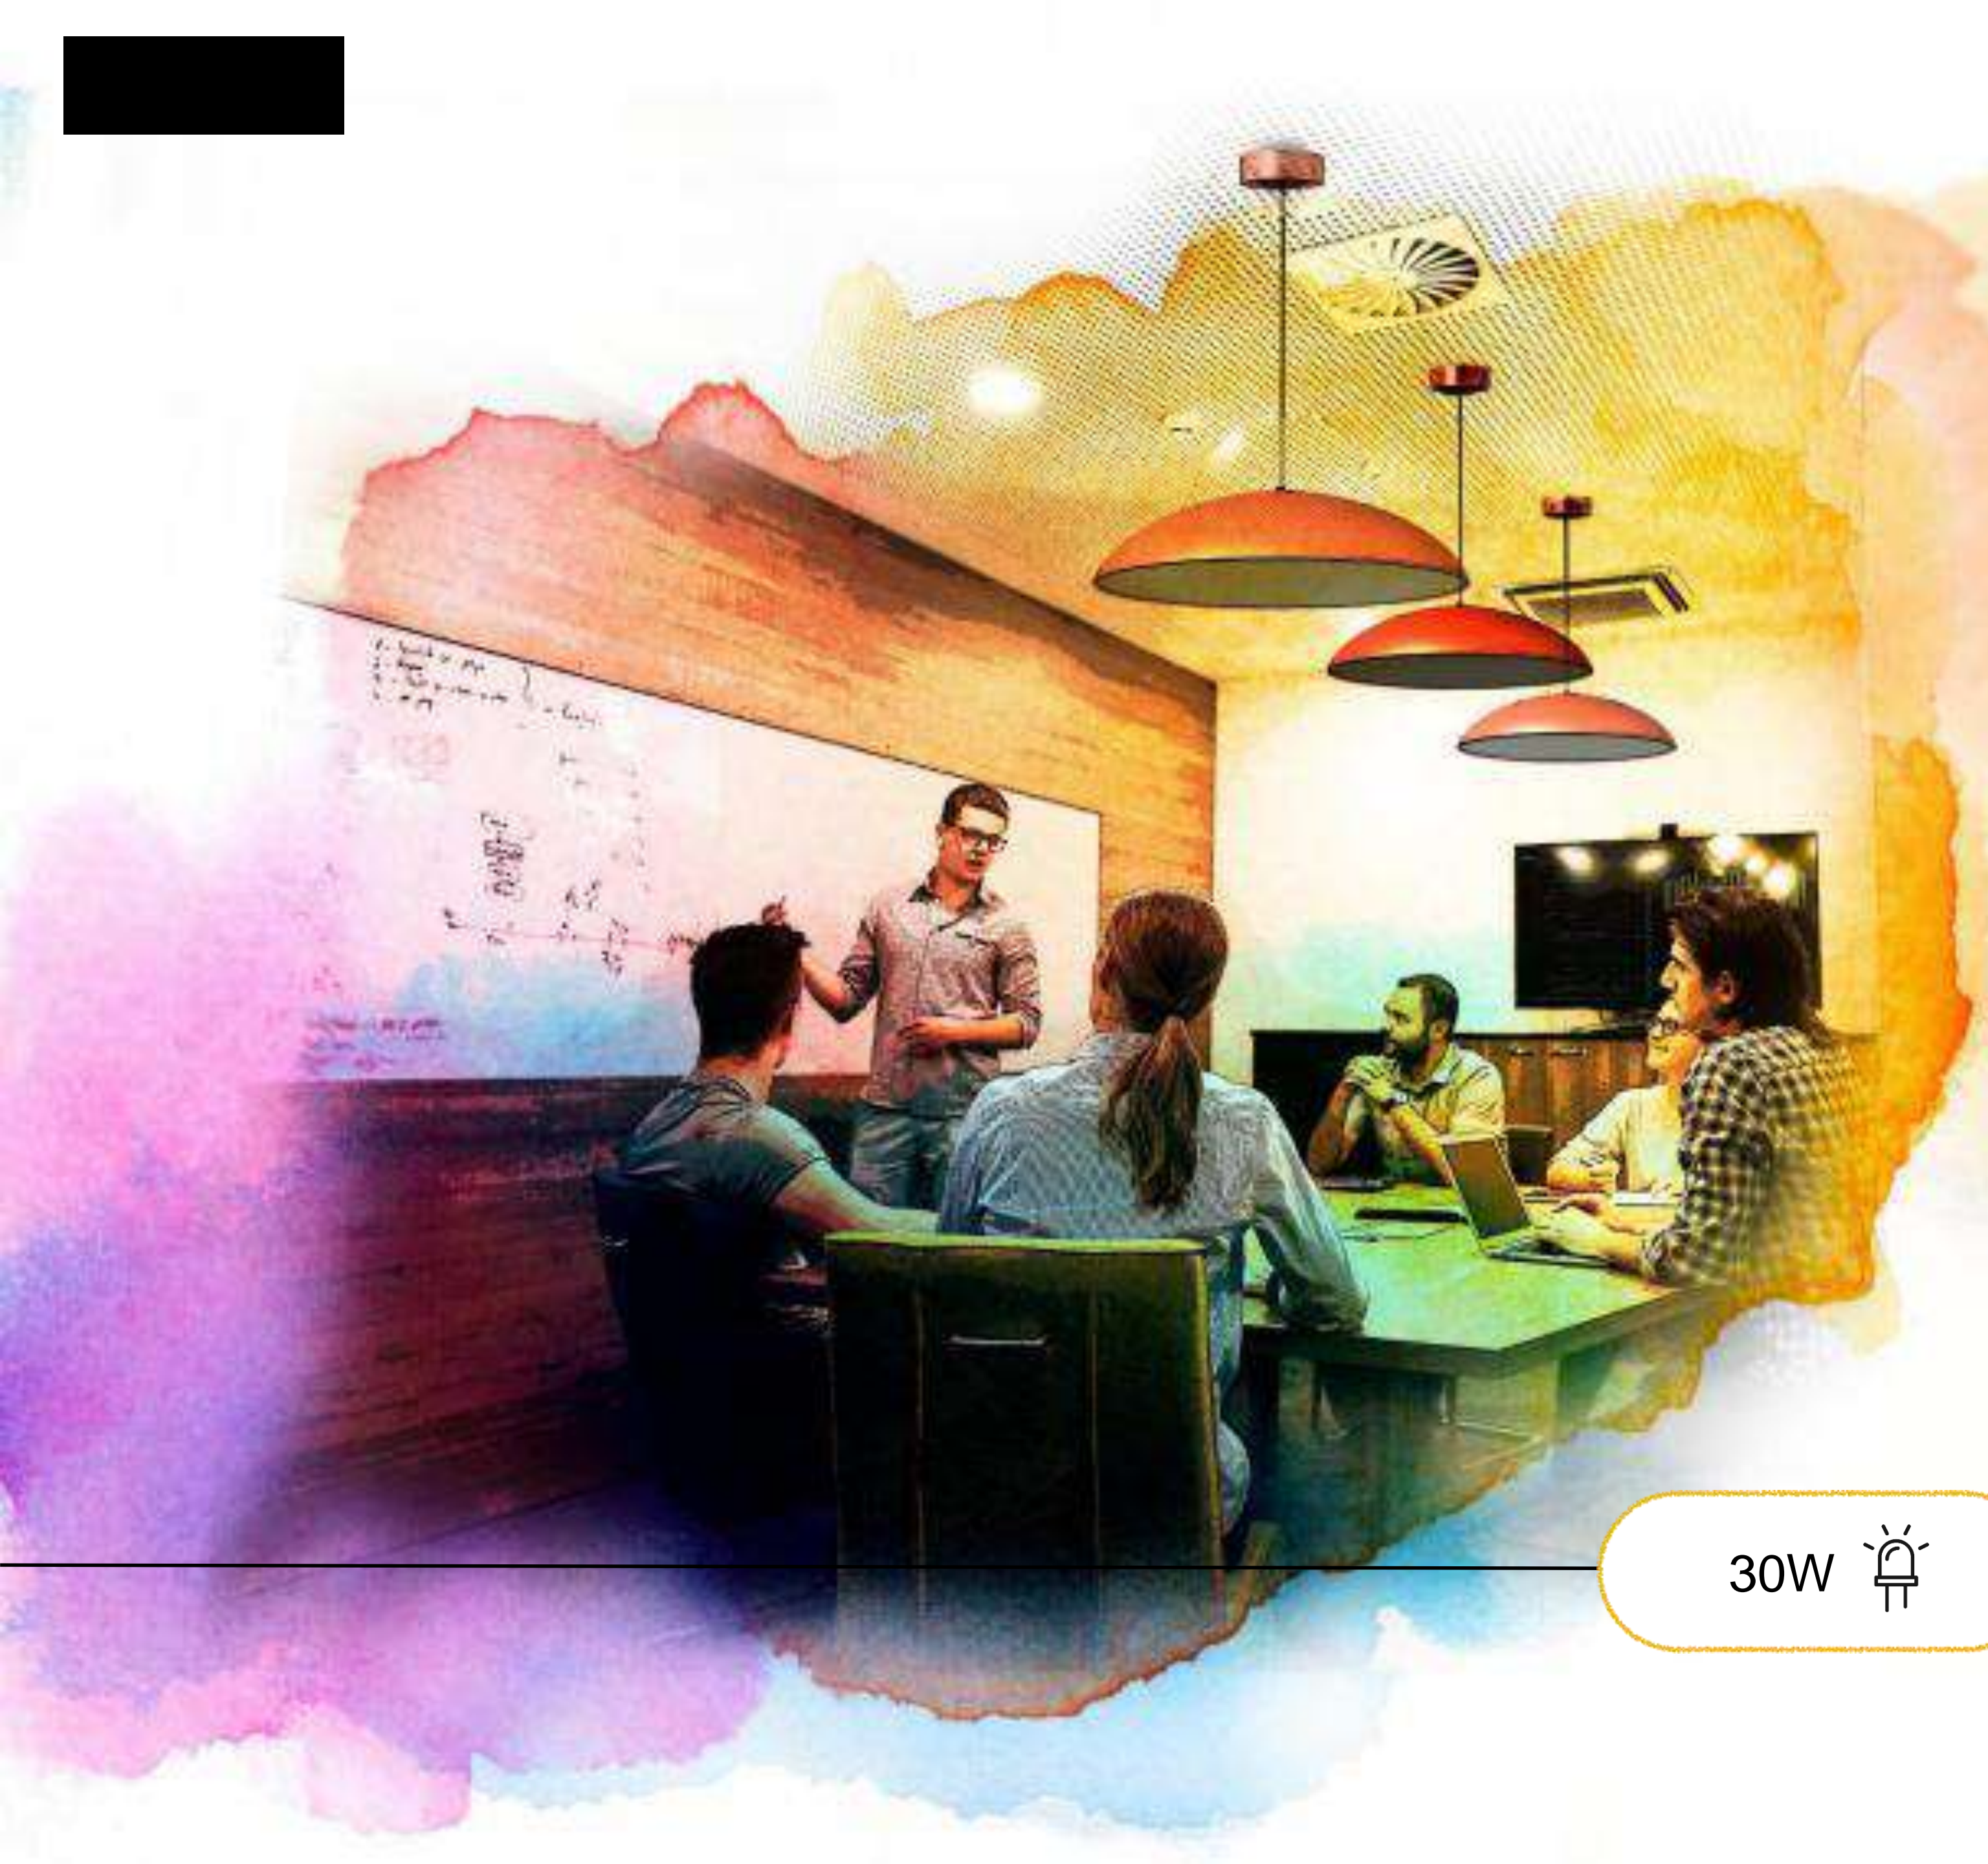

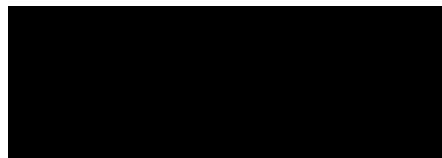

## How is *inForm*™ different?

Variety in form, colour, material  
and wattages

Technical Products with LED engines

Technology Confluence

Perfectly aligned with PoE / BLE and Wellness Solutions

# arc

Flat domes form the perfect overhanging light fixtures for multiple areas

30W 

610mm dia.

# T25

Smart pendant linears spice up any space with its form, while directing the light nicely on the desk surfaces.

30W 

# cone

Smaller suspended cones bring alive specially accented areas such as pantry or cafeteria

20W

460mm dia.

# celeste

Large domes in greys and white, articularly crafted with textured finish and a soft floral contouring

30W / 50W 

575 / 855 mm

inForm™

# trio-mesh

As sophisticated as it can be, the no-nonsense design in metallic greys and blacks are specially designed for the ones with the taste of their own

30W

460mm dia.

wipro

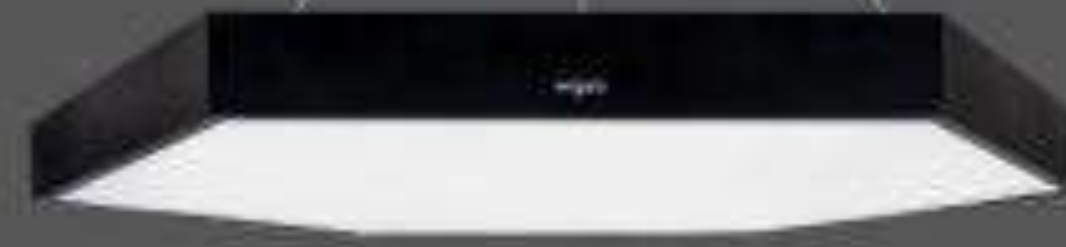

# hexa ring

Smart hexagonal rings can be used as light sources in harmony with hexagonal patterns

35W / 45W 

600 / 800 mm

# hexa

hexagonal luminaires that perfectly blend with the hexagon patterns currently in fashion that adorn the ceilings

35W / 45W 

600 / 800 mm

# orbit

Soft light to illuminate the “me zones” which provides the perfect task light in non-workspace areas

25W/ 35W / 45W 

400 / 600 / 800 mm

# orbit ring

Circular rings of light to create patterns  
on ceiling

35W / 45W 

600 / 800 mm

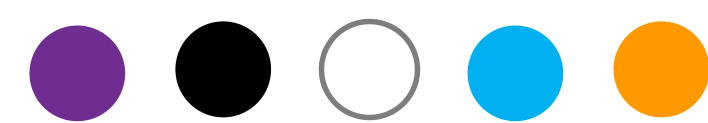

## retro

Smart pendant spice up any space with its form, while directing the light nicely on the desk surfaces

30W 

450mm dia.

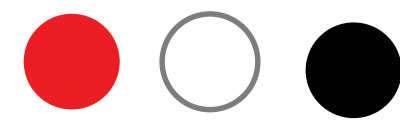

# ozone

Flat domes, aesthetic and sombre adorn the casual areas in a formal way

30W

450 mm

# coral

An elongated dome in white or black housing seamlessly merges in a variety of interiors

30W 

300mm dia.

# dome

Large domes to create soft pool of light..  
just right for create the required accents in  
the space

40W 

600mm dia

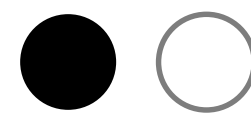

# vertica

Superior optics clubbed with variety of beam angles to create the right play of light

10W/ 20W / 30W 

54 / 76 / 96 mm

# sphere

Classic globes adorn every space  
they illuminate with a soft light..  
soothing and inspiring

7 - 14 W

300 mm

White Glass

# globe

Smaller globes, radiating brightness across in all directions

12W 

150mm

Glass material

# umeko

Fabric and colours... create the play you wish to have

7 - 14W

320mm

Multicolour

# freya

A knitted jute in contrast with the contemporary office interiors...  
how would you like to play the textures?

7 - 14W

600 mm

Works seamlessly across all technology platforms

Power over Ethernet

Bluetooth Low Energy

Human Centric Lighting

- Energy Management  
Savings of more than 65% resulting from energy and space optimization, and lower maintenance costs.
- Architectural Dimming  
Luminaire level control for Dimming, Scheduling, Occupancy & Daylight Control Helps in Individual Level Metering and Spacing Optimization.
- System Integration  
Converges electrical and communication network into a single infrastructure related uses low voltage DC power, is easy and safe to handle.

- Informative Energy Usage Reports
- Helps group luminaires for Personalized Lighting preferences
- Flexible scheduling for lighting to manage shifts, holidays

- Inform is compatible with Insync platform and can offer all the benefits of Human Centric lighting.
- Regulates Circadian Rhythm of human being.
- Boost Productivity, Reduces absenteeism.
