Skyline Plus

High efficiency LED Streetlights

VIDEO

Presenting...

Skyline Plus

Skyline Plus Genesis

- Energy efficient product is in requirement
- Key differentiator in streetlight today are as follows
 - Higher lumens per watt
 - Reliability in performance

Skyline Plus

**High efficiency LED
Streetlights**

Specifications

- Aluminium pressure Die cast housing
- High efficiency, long life LEDs
- High efficient LENS Optics for better distribution
- Complete assembly with LED Driver inbuilt in luminaire and accessories pre-wired up to terminal block
- Confirms to IS10322 Part 5/ Sect : 1967

IP66

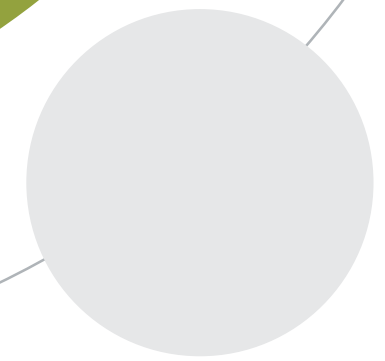

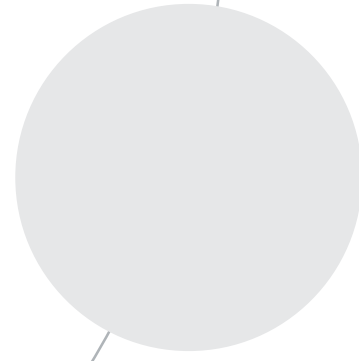

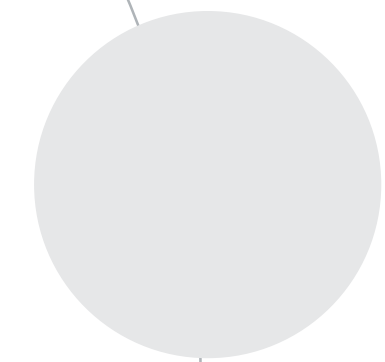

Skyline Plus
High efficiency LED Streetlights

Trendy Design

Compact and aesthetic design of Skyline LED blends well with the urban architecture and landscapes, making the streets even more lively

IP66

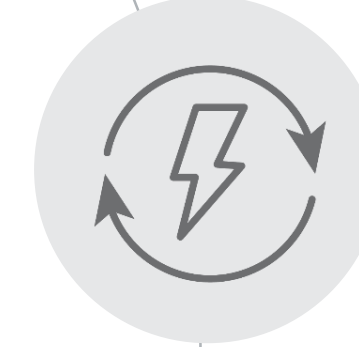

Skyline Plus
High efficiency LED Streetlights

Trendy Design

Compact and aesthetic design of Skyline LED blends well with the urban architecture and landscapes, making the streets even more lively

High Efficiency

Best in class and long life LEDs with good LED driver result in energy savings upto 65%

Advanced upgrade of Skyline

- **120 lumens per watt**
- **Long Life – Better thermal management due to trendy design**
- **Salient features**
 - In built multistage isolated driver
 - Input voltage range 110V- 320V
 - Surge protection internal 4 KV
 - High voltage and low voltage cut off
 - 440V operations for 8 hours

**SECONDARY
ROADS**

**PERIMETER
LIGHTING**
