Born from Art...

Luminaires with bespoke aesthetics

Based on Science...

Right light that brings comfort

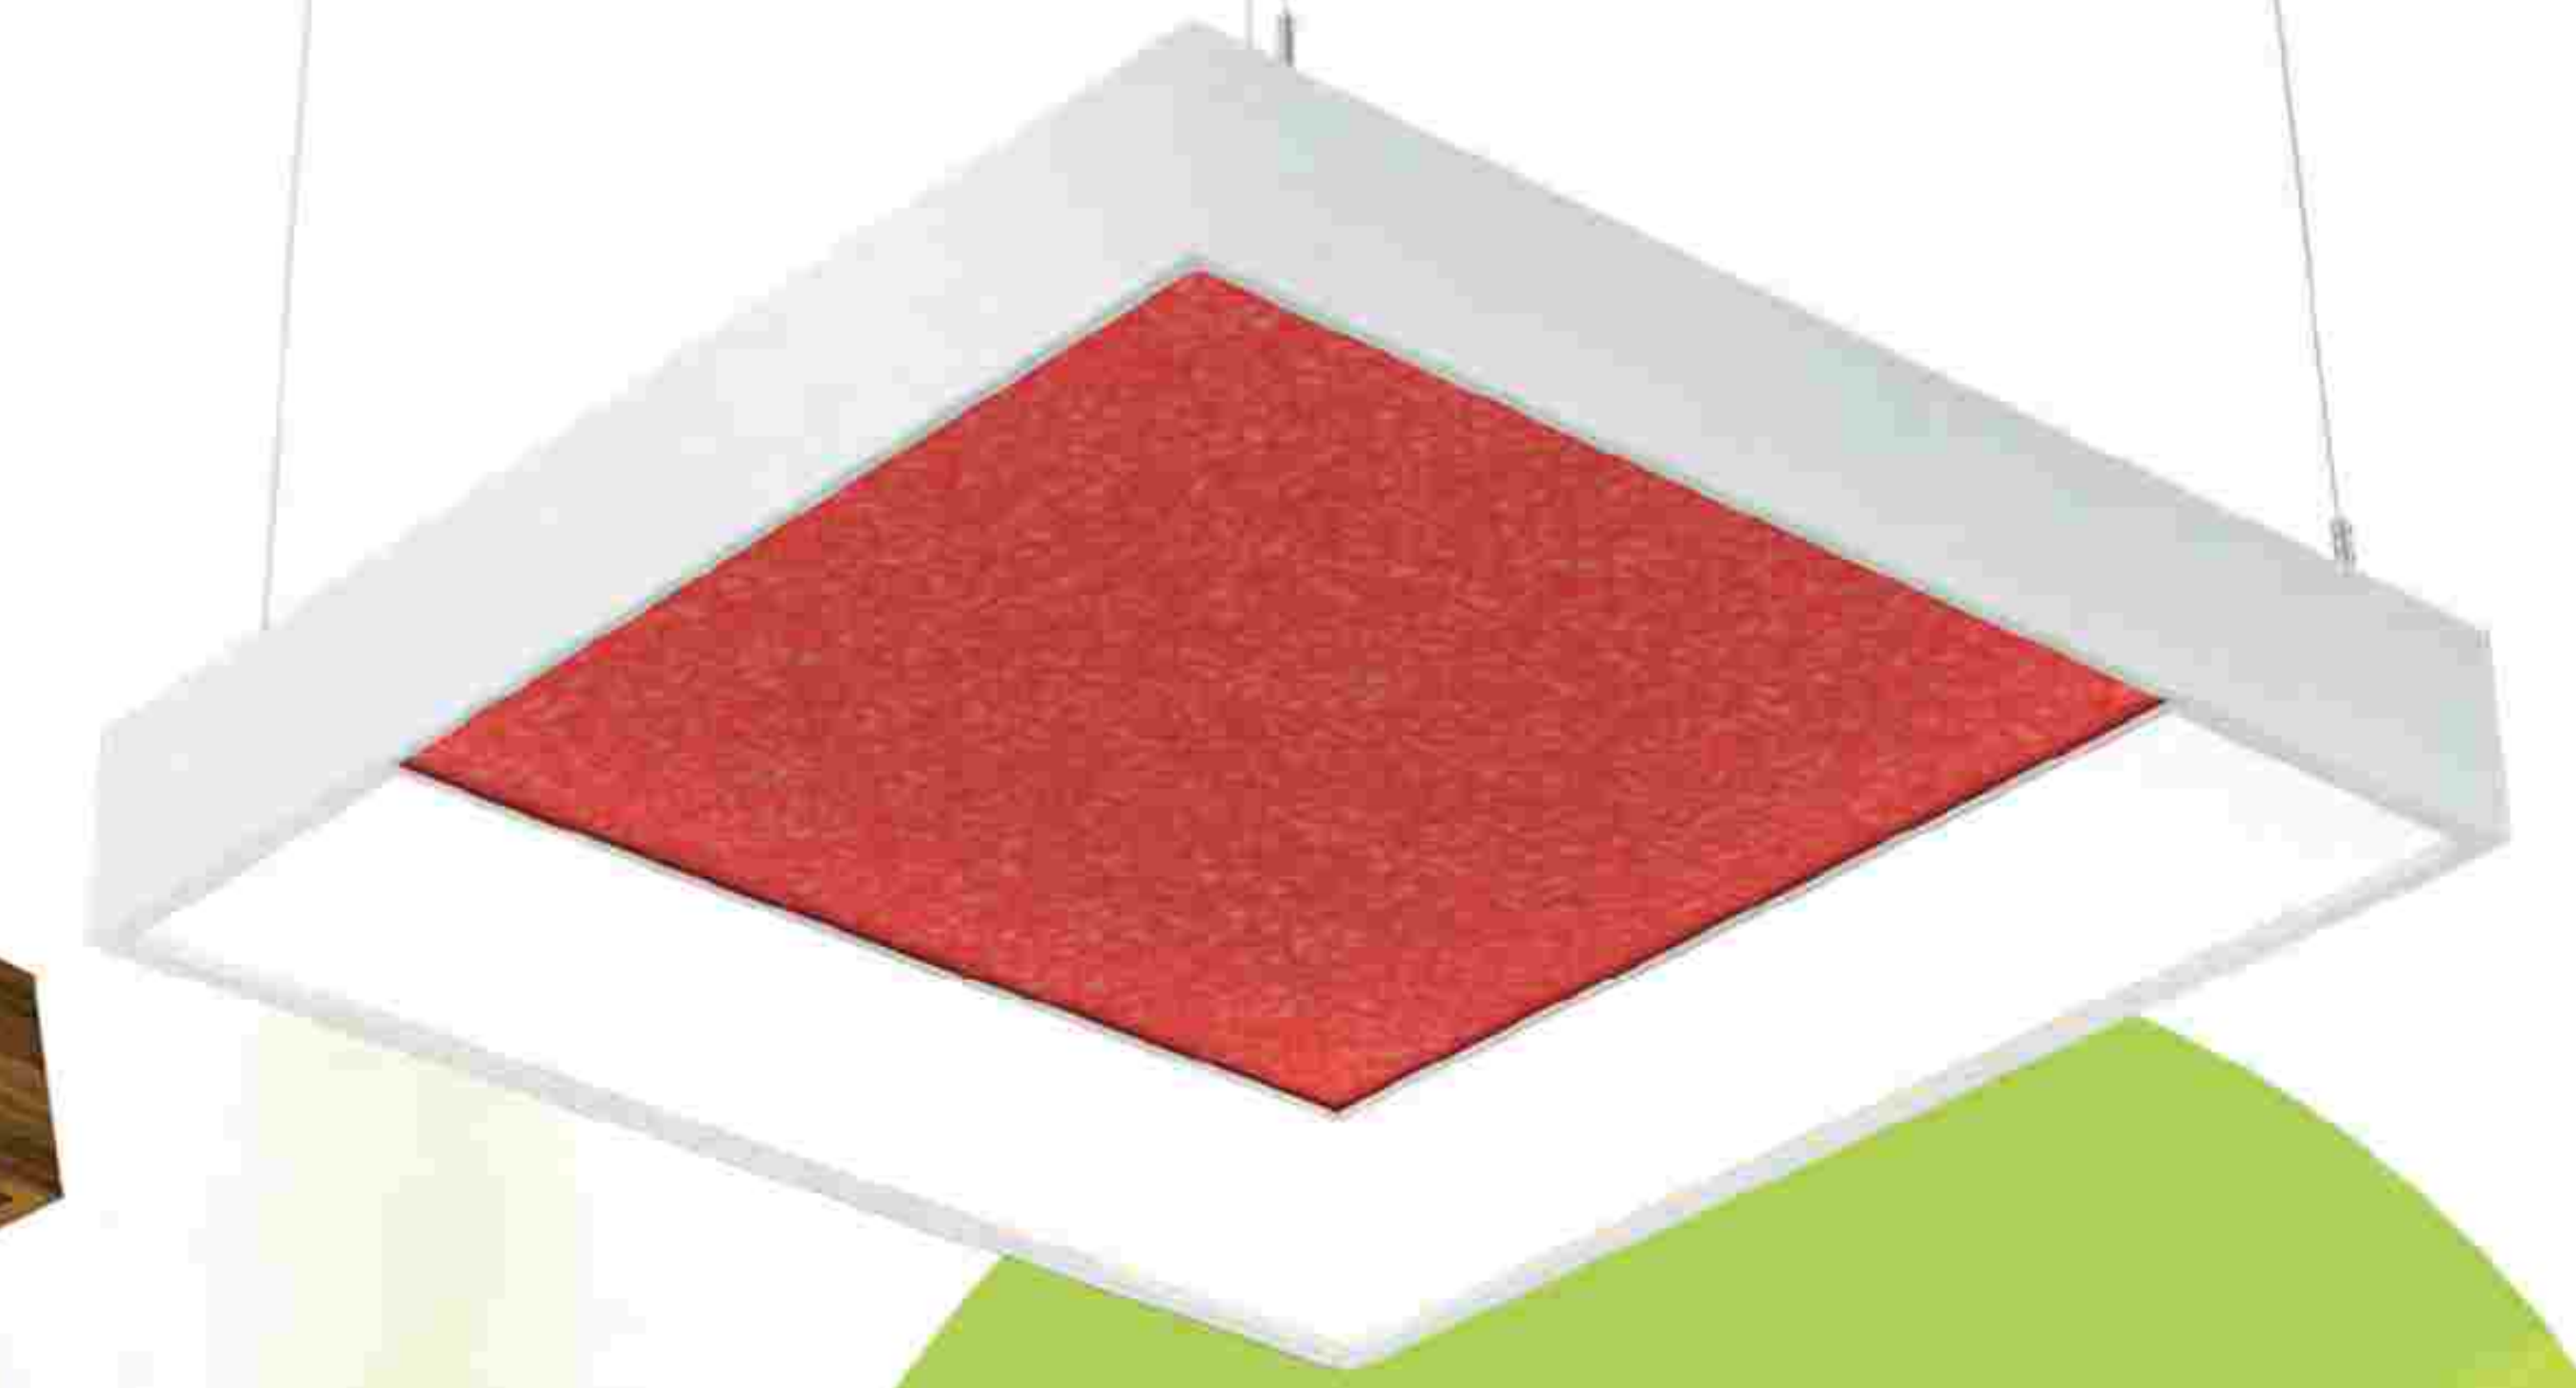

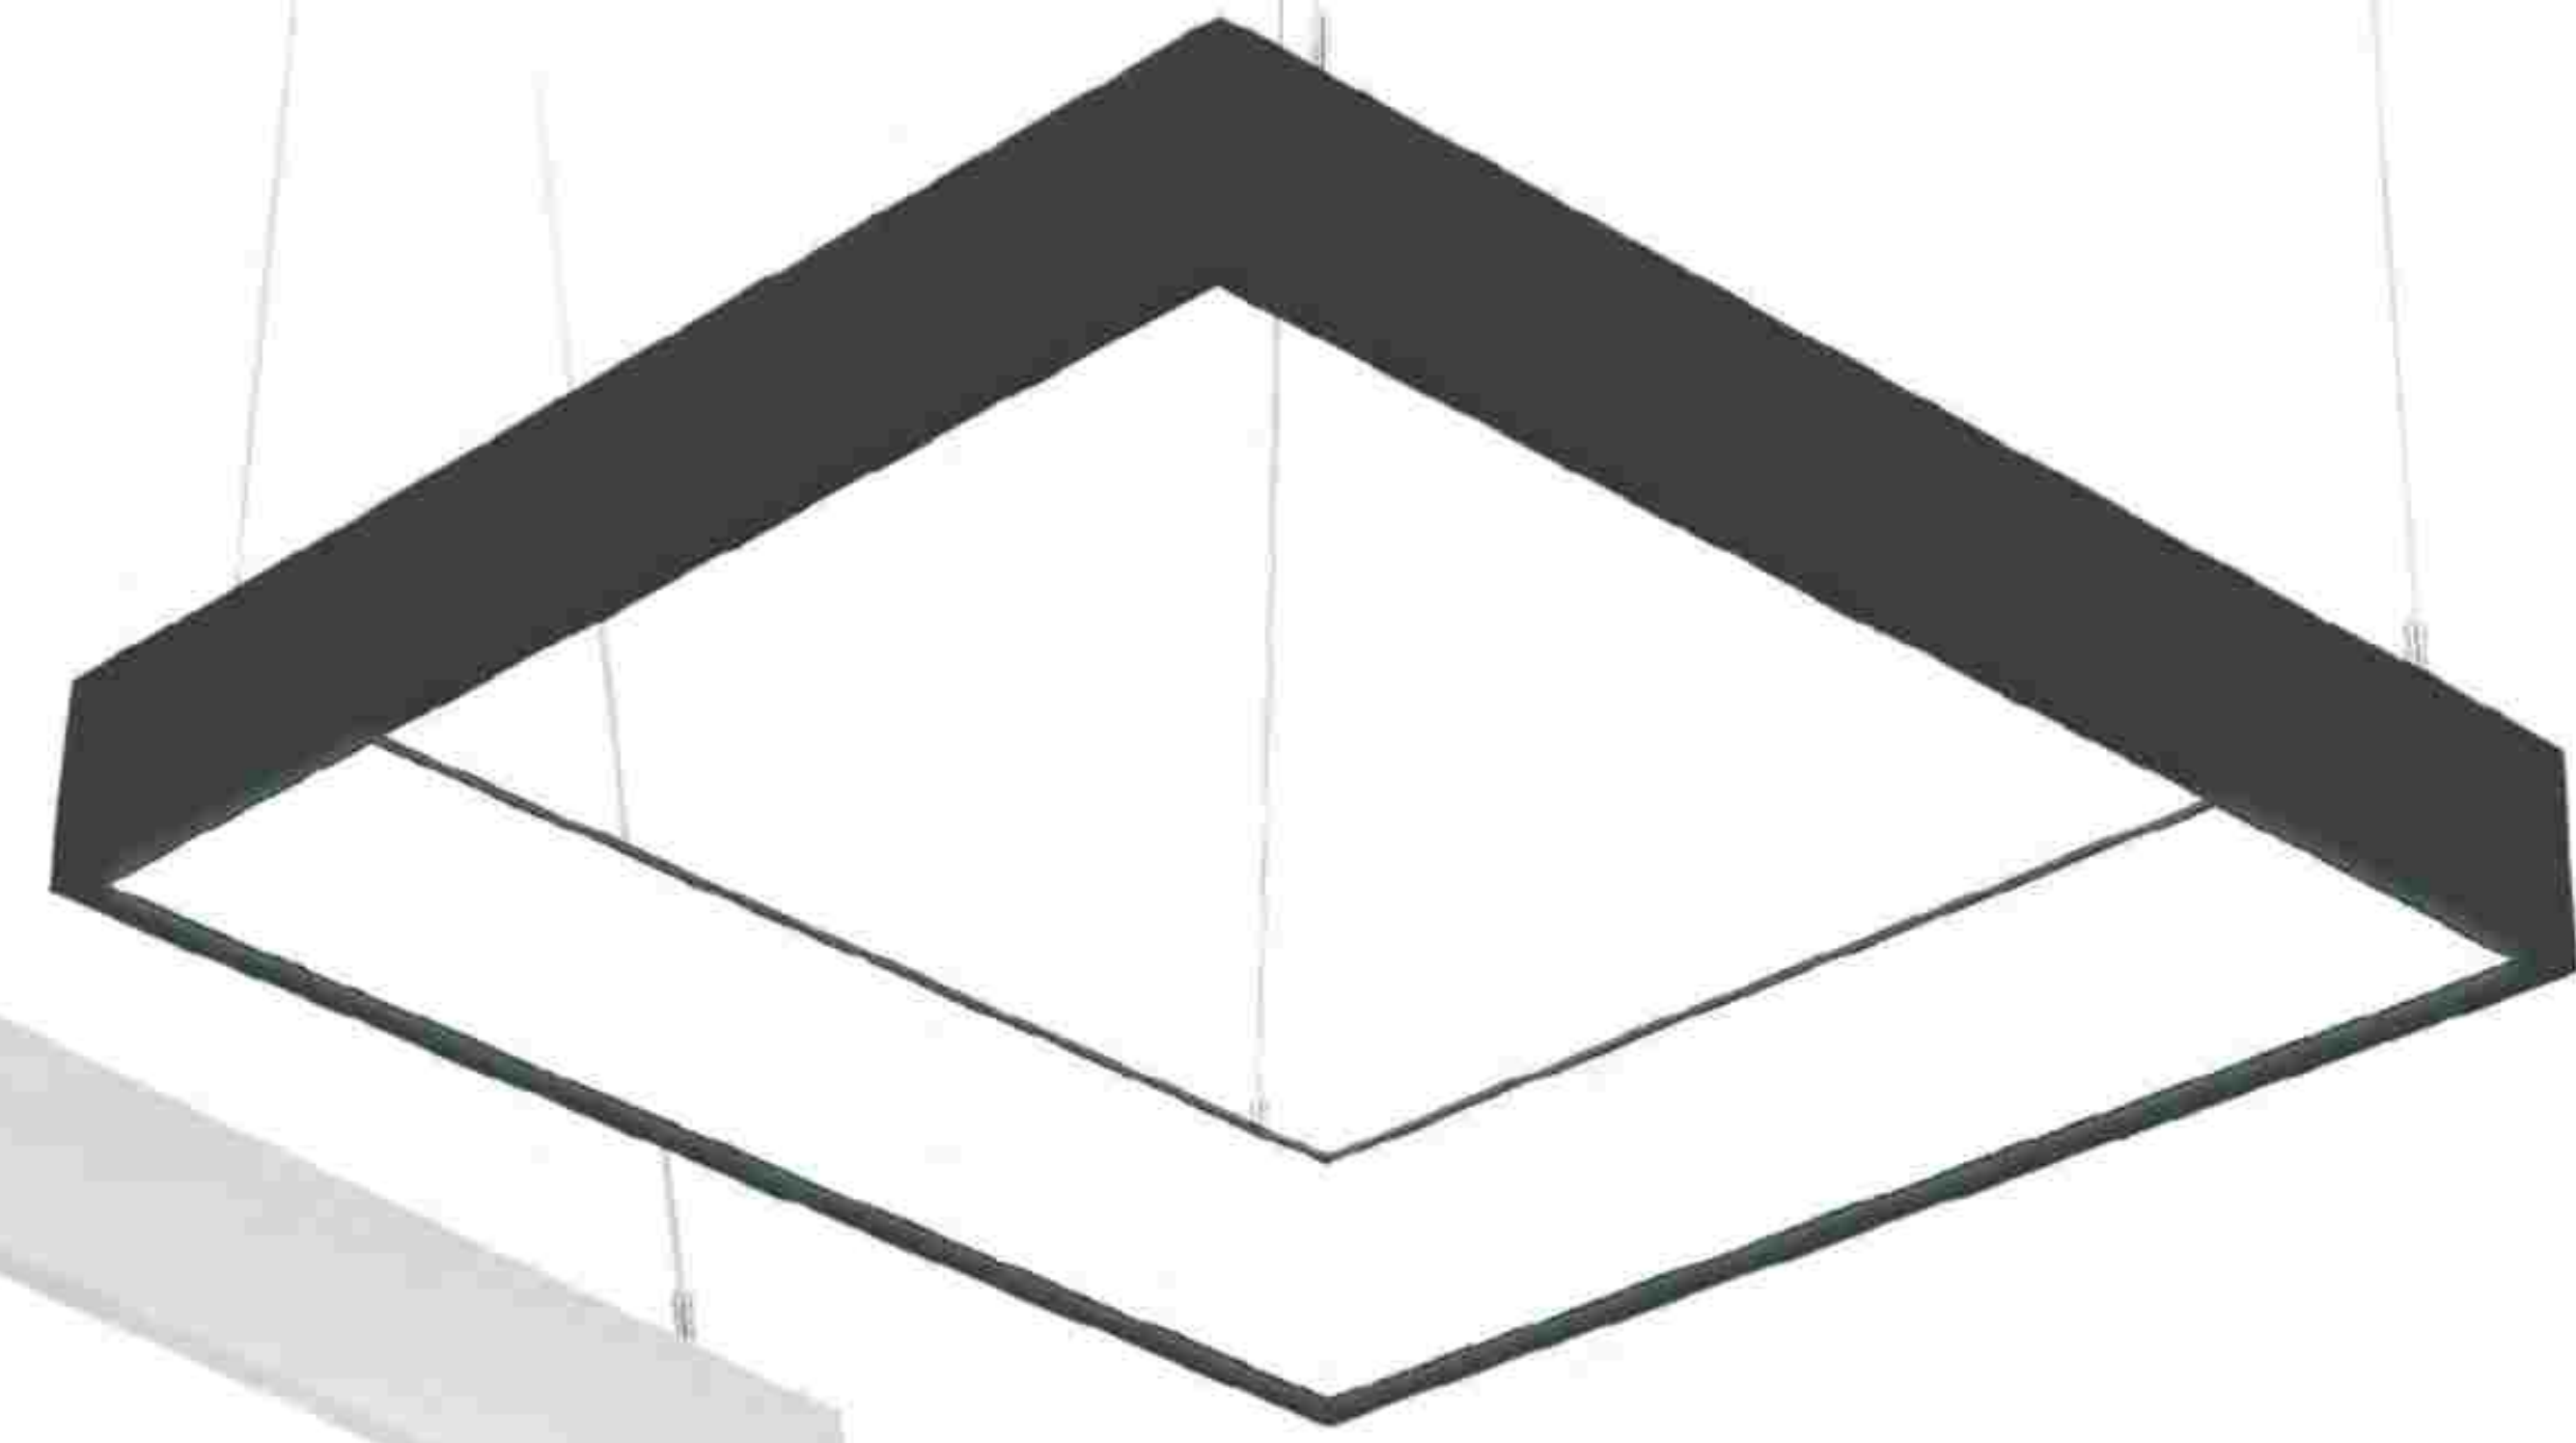

Backed by Technology...

Trusted solutions, redefining every day

Let's travel back a few years.
Away from today's fast life and
free from the chaos to a simpler time.
Sitting under an open courtyard,
we once let our imagination soar.
Looking up to the open sky,
we dreamt of greater heights.
Today, Wipro is bringing back
that missing serenity to your workspace.
We are transforming that imagination
into reality by elevating
your lighting experience.

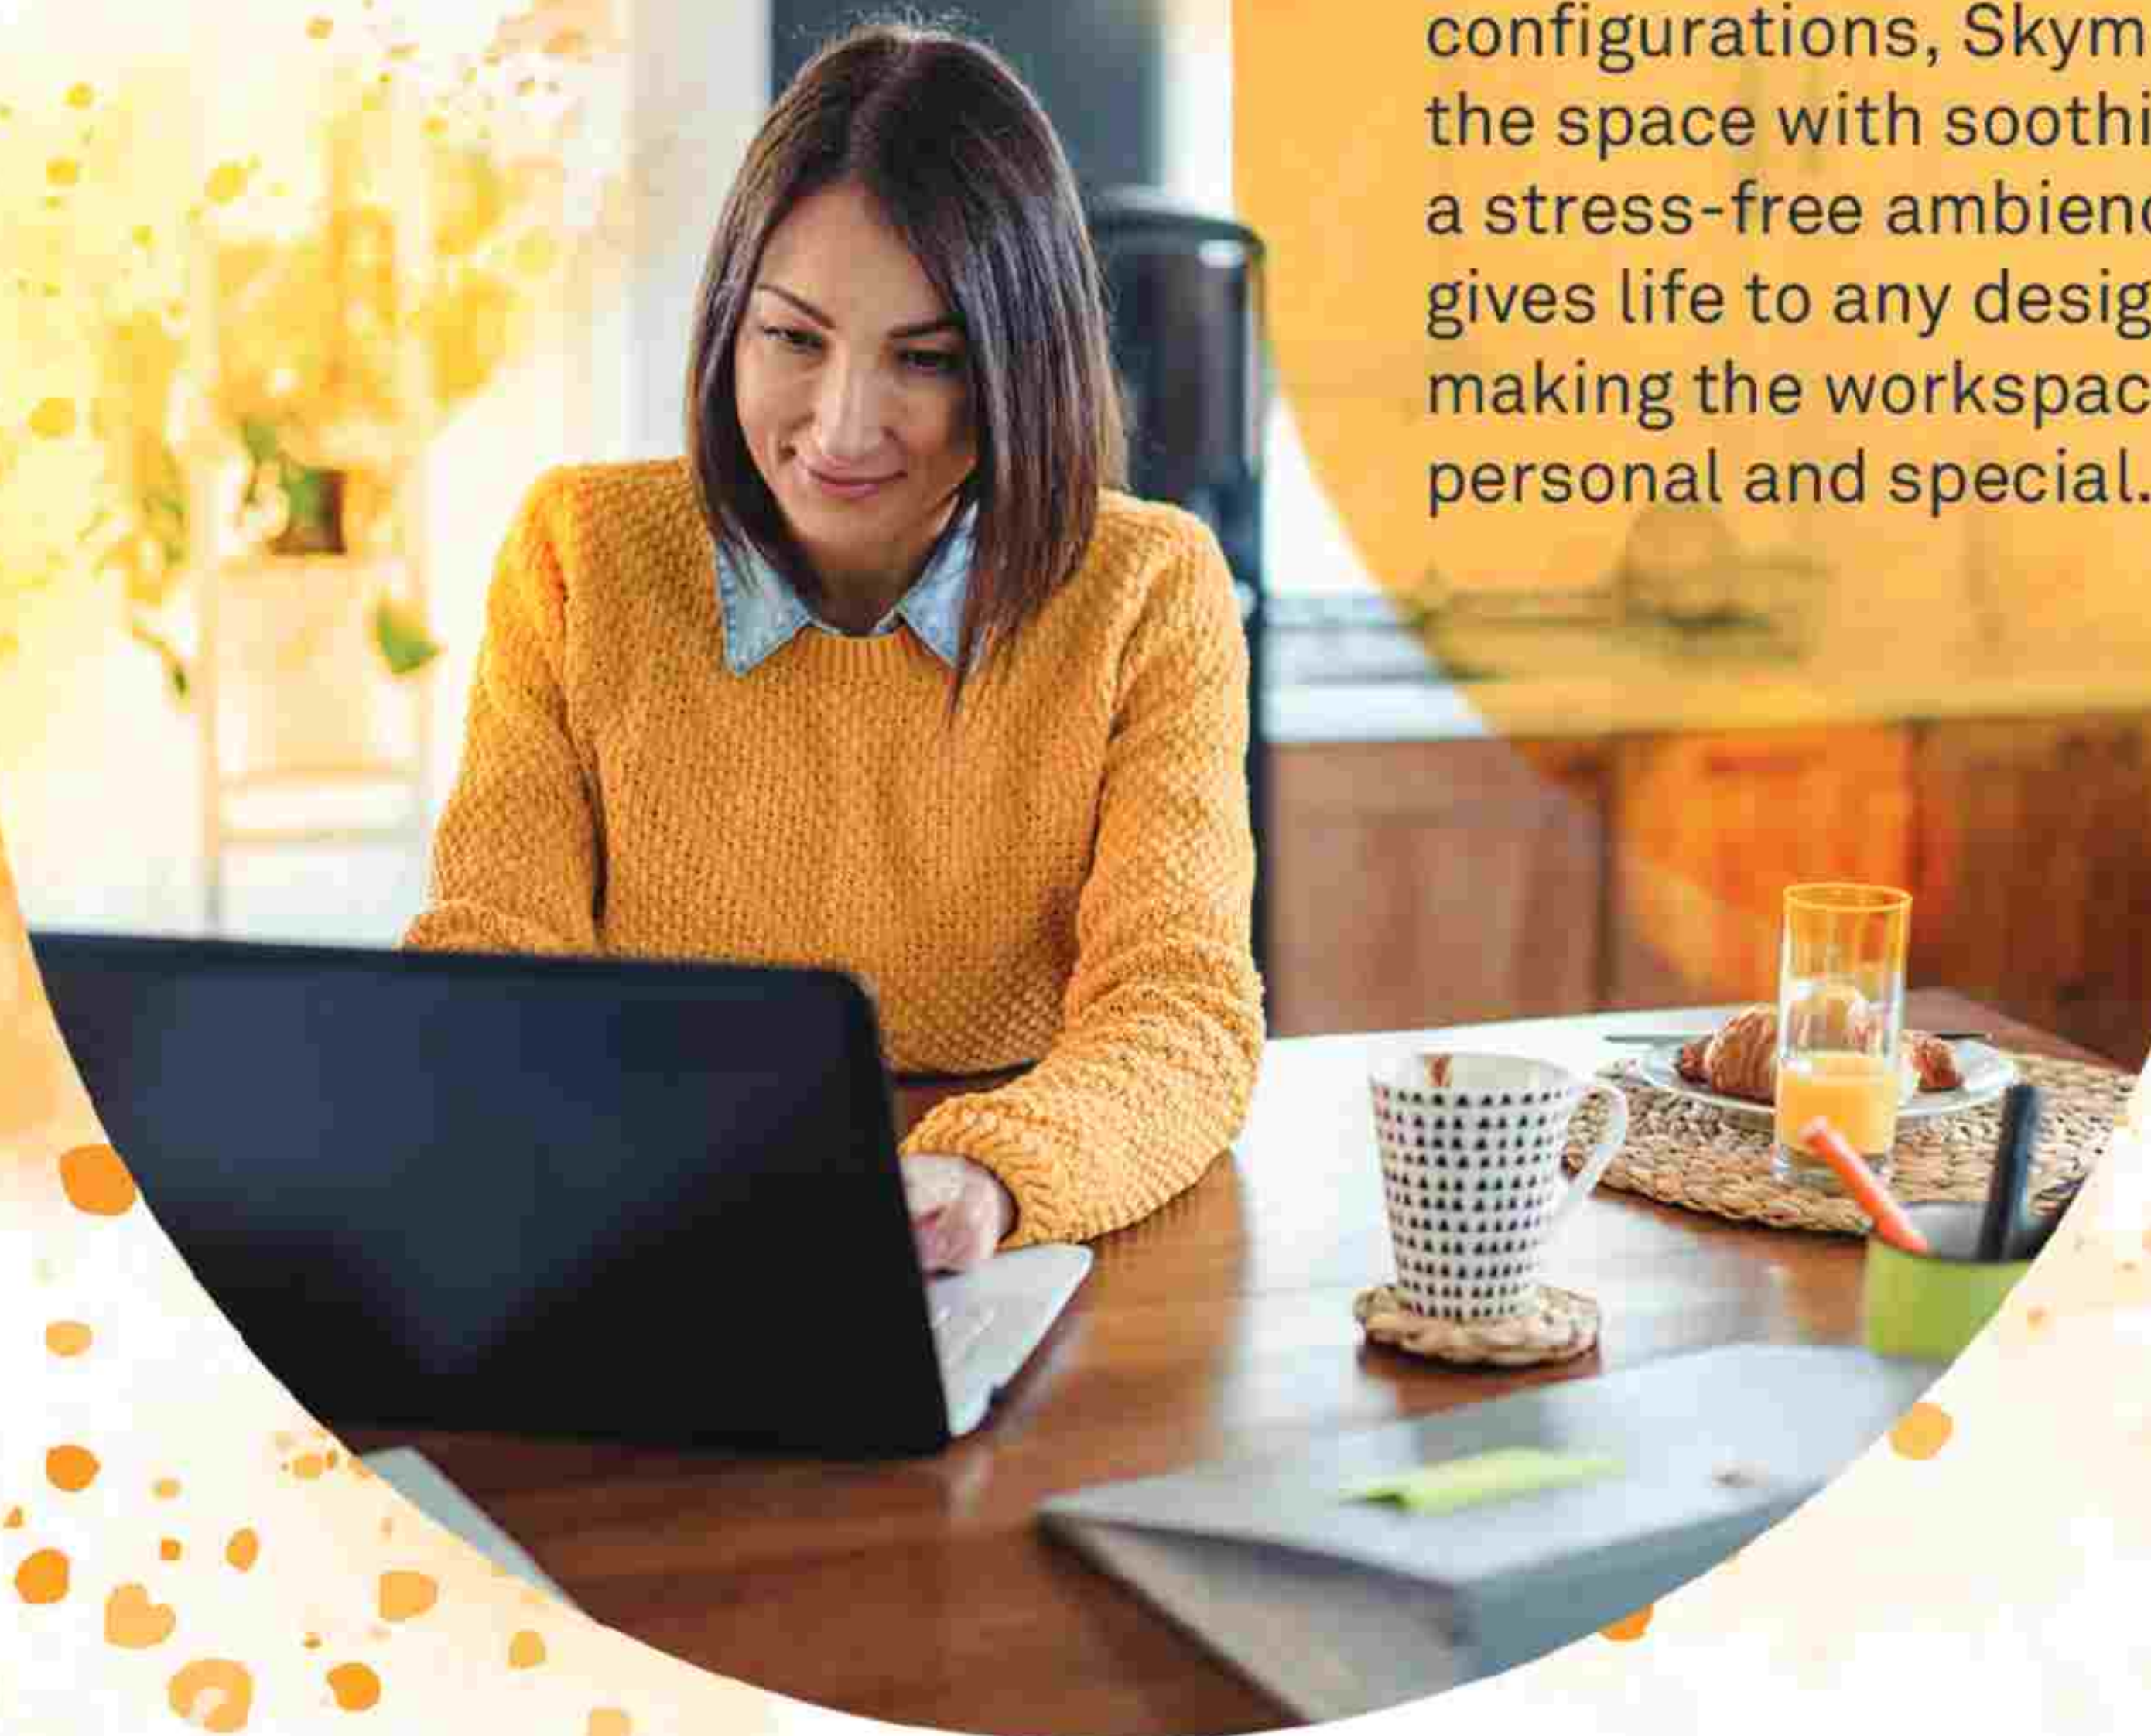

Skymesh

Inspired by open courtyards and designed for modern workspaces, Skymesh accentuates and gives ceilings a new definition.

Open for Ideas

With a vertically inclined diffuser and linear construction enabling multiple configurations, Skymesh illuminates the space with soothing light and creates a stress-free ambience. The luminaire gives life to any design inspiration, making the workspaces infinitely personal and special.

Open for Possibilities

The suspended LED luminaire ups the style quotient of your workspace with attractive customizations. From material to add-ons of your choice, from the color to the size of the luminaire, Skymesh easily adapts to the requirements of any space.

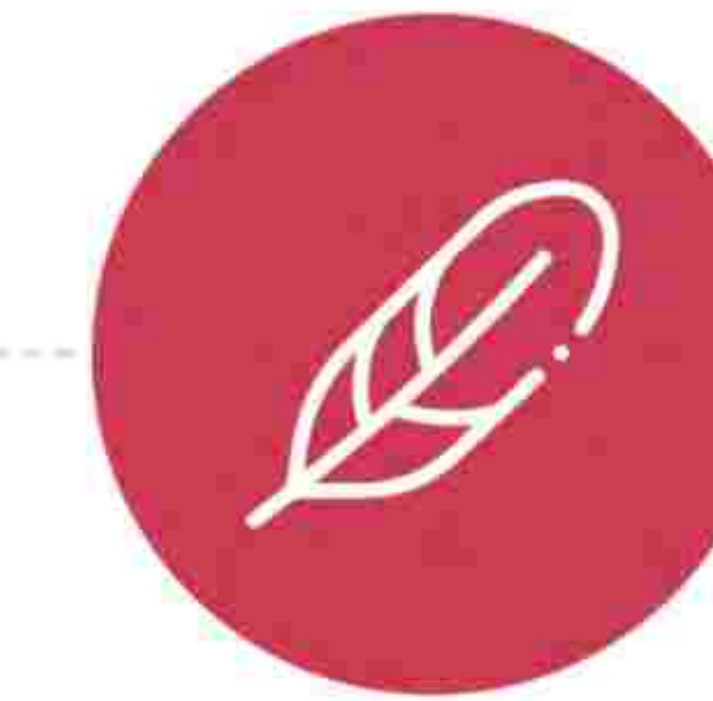

Open for Change

Skymesh breaks away from the conventional notions of an office. A workspace is a human space. It should always be a space of calm, where productivity booms. And, Skymesh strives for this by creating a comfortingly illuminated space amidst all the chaos.

Thoughtful.
Creative.
Effortless.

Lightweight and corrosion-free

Sleek powder-coated aluminum housing suitable for contemporary interiors

Neat and clean aesthetics

Modular, flexible luminaire with no visible hardware on the external surface

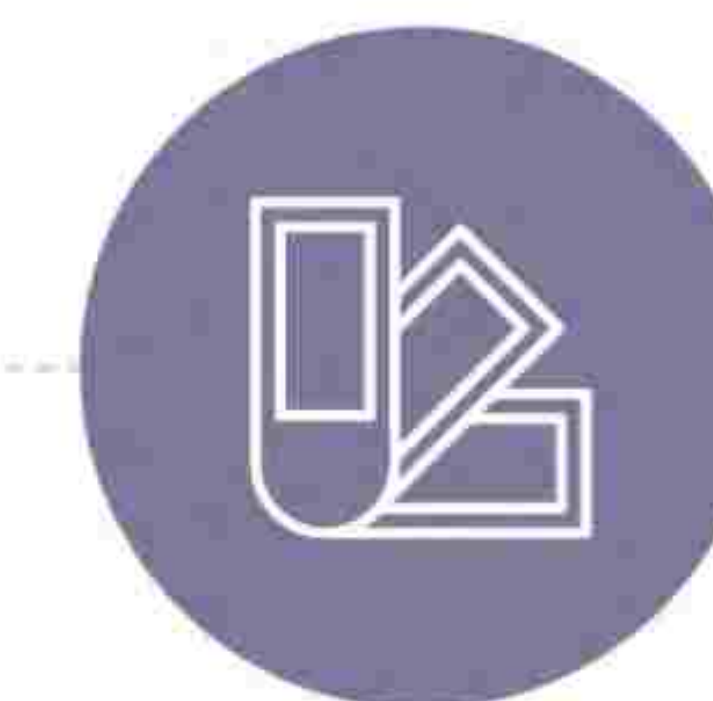

Low glare and soothing light

Better light transmission with High-Efficiency Translucence (HET) diffuser along with an option of a prismatic diffuser

Hassle-free experience

Easy to install and maintain with an externally connected driver as well as an option of a flicker-free driver

Wide range to choose

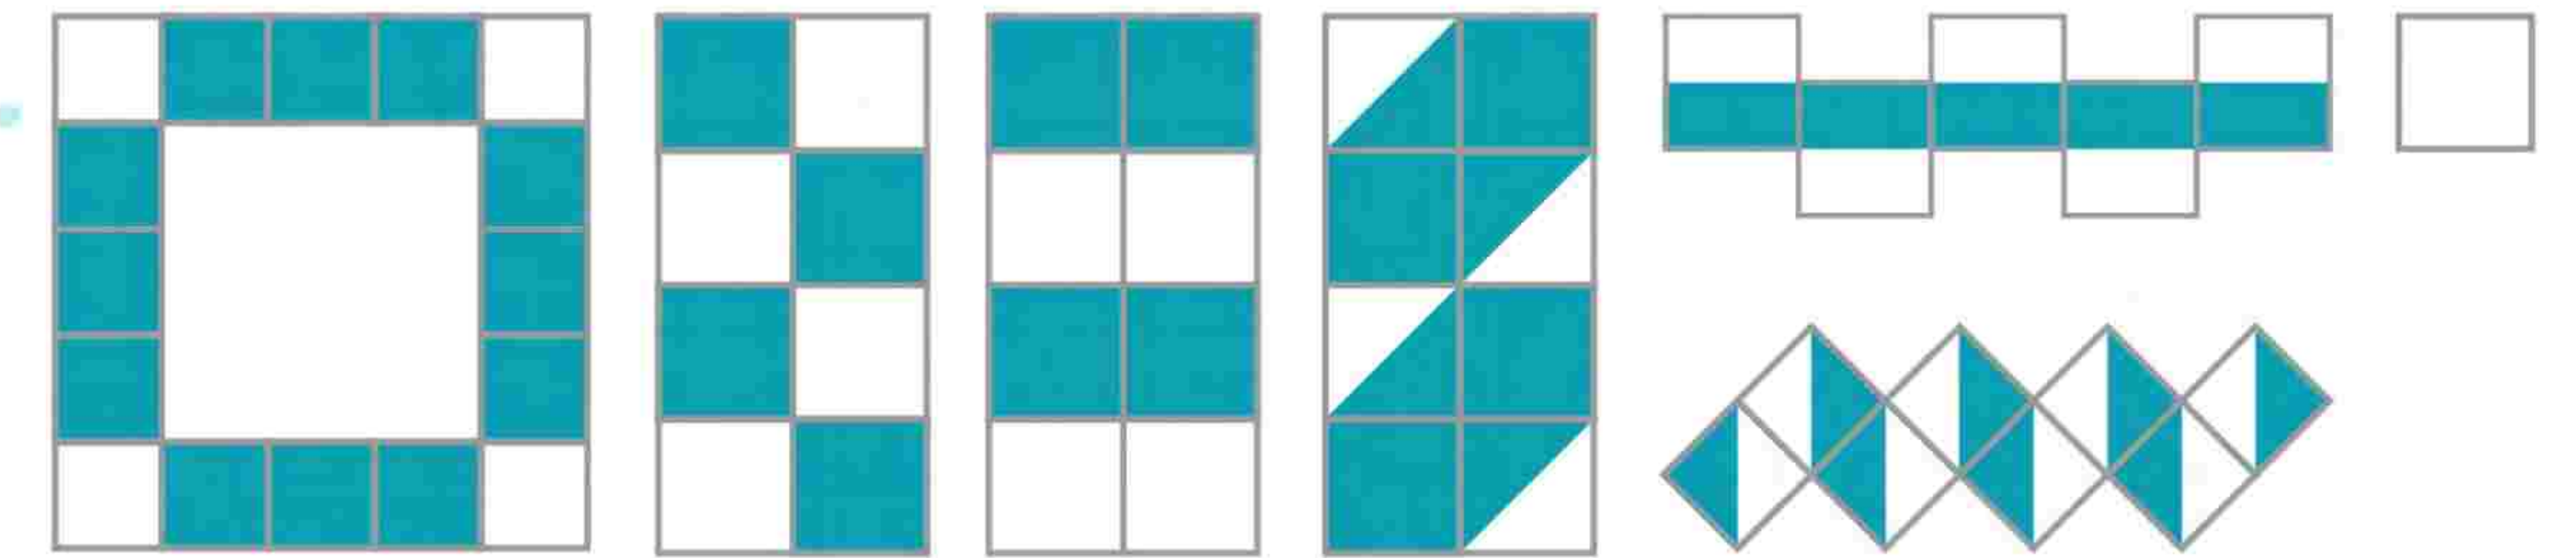

Available in various color options of black, white, and a range of wooden finishes

A gamut of possibilities to Square every circle

Skymesh is an incredible creative luminaire designed to provide endless possibilities. With a wide array of possible formations in squares ranging from staggered squares to rectangular to square grids, Skymesh quite literally squares every circle, in style.

Create your own unique formations in square

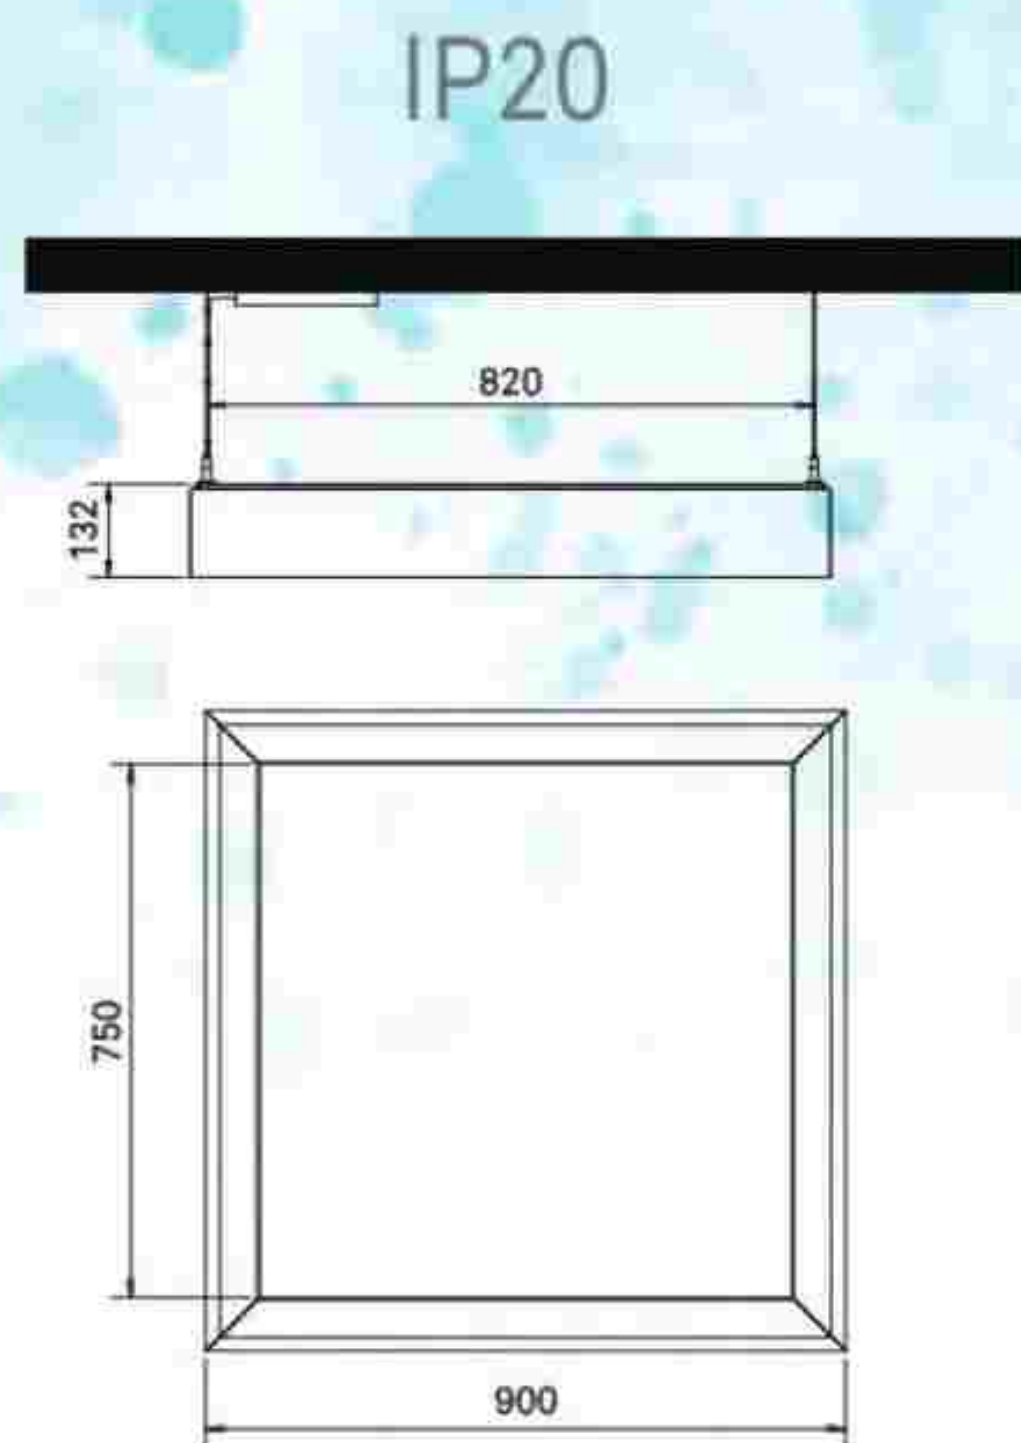

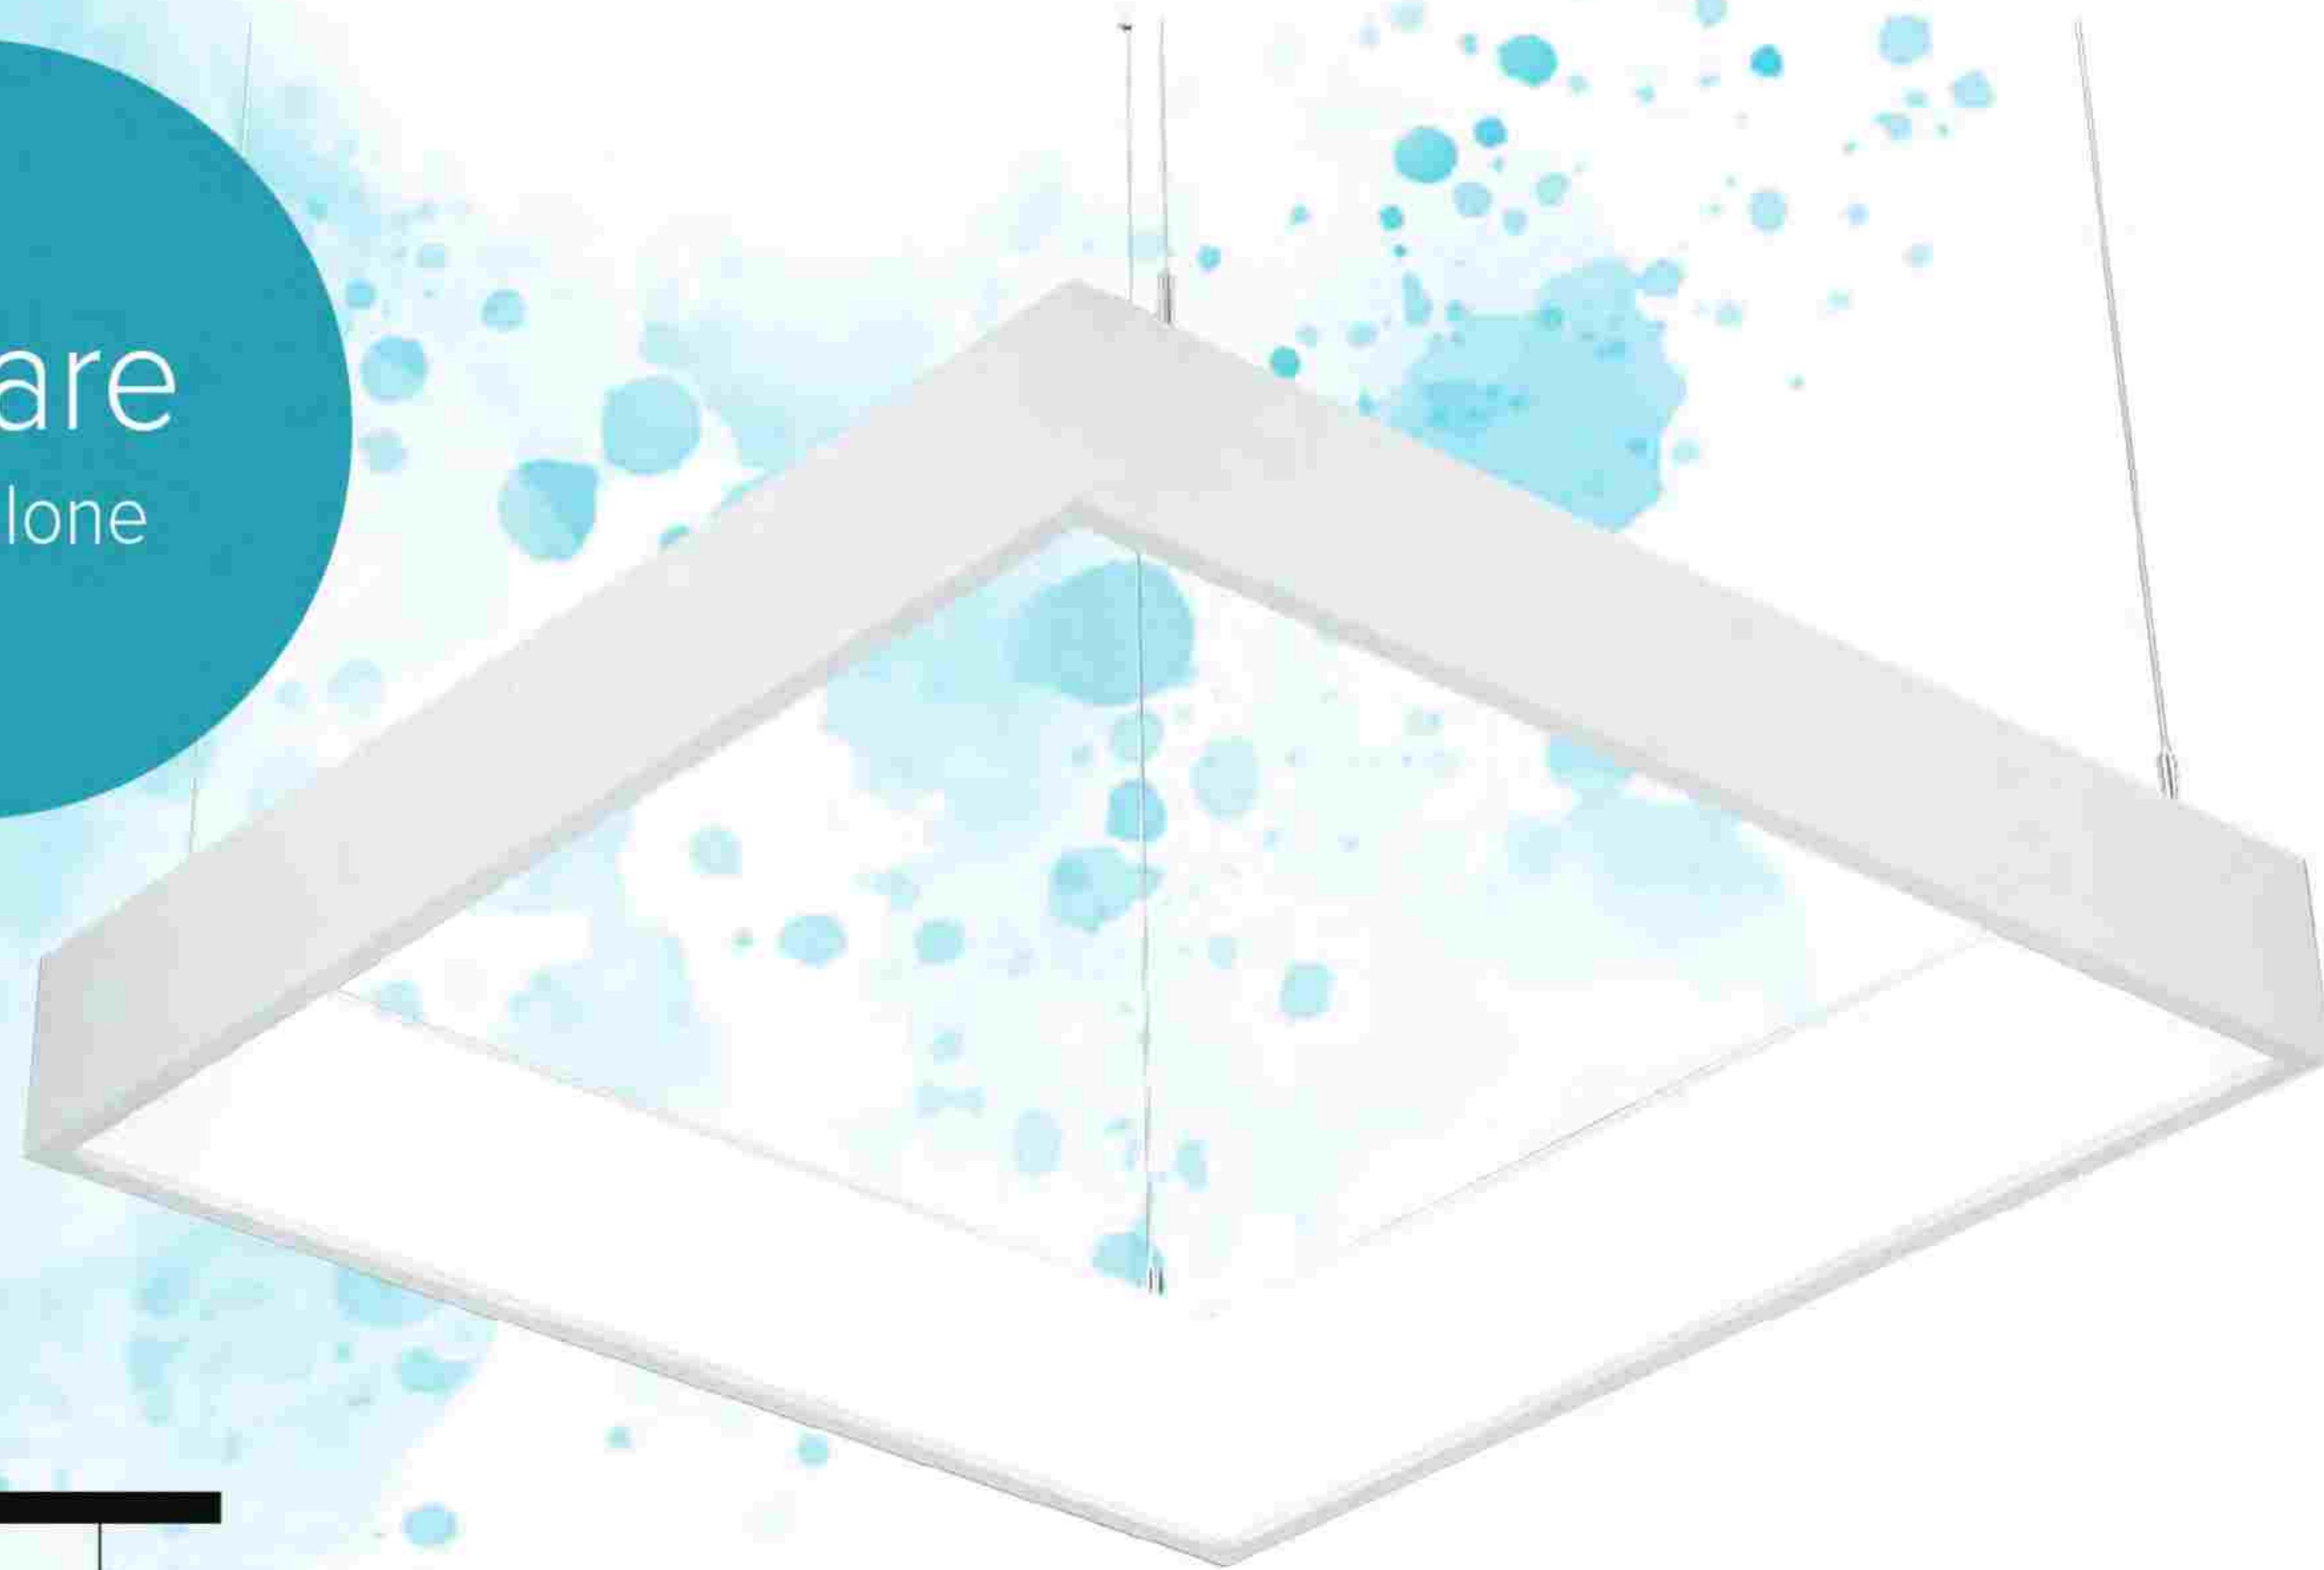

Create unique layouts with vibrant acoustic panel color options

Adorn the experience with distinctive wooden finish options

Square Standalone

All dimensions are in mm with a tolerance of ±2mm
